University of California, Irvine

Sept 2014 – June 2018

Bachelor of Science in Informatics

Donald Bren School of Information and Computer Science

Awards: Deans Honor List

ACADEMIC PROJECTS

Project Elevate System (Senior Capstone Project)

Jan 2018 – Jun 2018

Database Administrator, Web-hosting Administrator, UI/UX Designer

- Setup a remote database on AWS RDS.
- Designed the schema for the database on MySQL Workbench.
- Wrote SQL Statements/queries that was implemented by back-end developers for system.
- Managed and debugged system files on cPanel.
- Elicited requirements from stakeholders with team members through in-person and remote meetings.
- Drafted meeting documents in order to record our weekly meetings.
- Participated in weekly meetings with sponsors in order to negotiate, discuss, and understand their needs in order to provide support and updates on the deliverables.
- Designed high fidelity wire frames, mock-ups, and storyboards from the requirements obtained.
- Arranged slide decks and performed weekly presentations to communicate team progress.

AntFeed

Sept 2017 – Dec 2017

Co-Project Manager

- Created the scope statement for a food blog project.
- Drafted a work-breakdown structure and created a gantt chart to aid in team schedule visualization.
- Managed team by communication through email and calls.
- Organized a Team Google Drive in order to provide a structured way of keeping track of project progress.
- Led and facilitated weekly team meetings by creating agendas prior to each meeting to increase team focus and efficiency.

Anteater Express User Experience Redesign

Apr 2017 – Jun 2017

UI/UX Redesign Team Member

- Innovated interview questions to test the targeted audience of the transportation website.
- Assisted in follow-up interviews involving the second iteration of our redesign.
- Applied feedback from interviews, designed mock-ups, and created story-boards for better future design integration.
- Utilized Axure RP to create a high-fidelity mockup of our team's redesign.
- Participated in weekly meetings with team members to update each other on the status of our deliverables.
